

Talk of the Town

Town of Fairview Newsletter

Volume IV

April 2011

SPRING BREAK(S)

Water Line Break - If you notice a water break, immediately call Public Works. They will determine the location of the break. If it is on your property, it is your responsibility. If it is on town property, it is the Town's responsibility. Each Spring, as the ground warms up, it is inevitable that some water pipes will "spring" leaks. Repair work may involve disruption in water service and some "coloured" water from your taps. Please be patient while the town operators repair these breaks. You will be contacted if your water is to be shut off. If you have discoloured water after a break, let it run until the water is clear. If you see evidence of a suspected water break, call the Town Office.

Flooding - Snow melting off your property and causing flooding in your basement is the homeowner's responsibility. If water running off the street is causing flooding, call Public Works.

Sewage Backup - If you have a sewage backup, call a plumber. If it is determined the clog is on your property, it is your responsibility. If the clog is on town property, call Public Works.

Fairview's 2011 Community Clean-up and Beautification Plan

Only properties in residential areas are eligible. (Town reserves the right to withdraw this incentive in the case of water shortages due to dry weather or mechanical problems.)

Mail Entry form to Town of Fairview, Box 730, Fairview TOH 1L0 or drop off at Town Office

CURB GRATES AND UNDERGROUND SPRINKLERS

Owners of curb grates along driveways are asked to remove them during winter and spring months. These grates are impossible for equipment operators to see during snow removal.

 Clip and Save

Owners of underground sprinkler systems located close to the curb are asked to advise Public Works of their location to avoid damage during snow removal operations.

THANK YOU FOR YOUR COOPERATION!
