PROMPTING PREPAREDNESS

Routine preparedness messages to build capacity for risk reduction education in Alberta

Emergencies can happen with little warning, disrupt access to everyday services we rely on and may require you to shelter in place or evacuate. Preparing emergency supplies in advance helps you and your loved ones stay safe. #BePrepared:

Learn the difference between gathering supplies and building an emergency kit. Don't forget to share your knowledge with loved ones by getting them involved too. Collect items from around your home that aren't being used to build an inventory of emergency supplies. An old backpack/duffle bag, for example, is a low-cost start of an emergency kit. Consider your households unique needs when adding items to your supplies. For example, medications, formula for babies, a tire patch kit for a wheelchair, or pet food.

Preparing emergency supplies is one small step to building self-reliance and protecting you and your loved ones before, during and after an emergency. Use Be Prepared programming and resources to learn about more preparedness actions you can take.

Alberta 55Plus

Represents the heart of mature Albertans. It stands for the idea of a fuller, healthier, more vital future; for the straightforward steps that can be taken towards that future. We promote participation and action and have generated a unique spirit of cooperation across the province.

The association believes that sport and recreation development for mature adults is a provincial issue. It has a direct bearing on the quality of life in this province, and it can become a way of life for the individual and the province as a whole. That is the ideal. We're working to make it a reality.

HOW IT WORKS

Put items out on your front lawn or driveway that you no longer need but someone else may. Then, drive or walk around town, have a look to see if others have something you need. If yes, take it, it's free! At the same time, get to know the people in your community.

RULES

Everything must be free. YOU must clean up at the end of the day. The Town will not pick up left items. Please do not leave clutter on lawns. First come, first served. Items must be placed on your private property, not town boulevards.

Town Utility Bills

Your utility bills are mailed out at the beginning of each month (for the previous month's consumption). New radio frequency meters have been installed in almost all the households and businesses. You will receive an accurate monthly bill for actual consumption. You will be charged \$3.48 per cubic meter for residential accounts and non-residential accounts.

In addition to the consumption rate for water you will be charged a flat rate for the Sewer service for residential and non-residential accounts, and a flat rate monthly Capital Replacement fee.

If your bill is exceedingly high, check your toilet(s), faucets, humidifiers, icemakers and outdoor taps for leaks.

We are pleased to offer our residents the option of paperless billing. Property owners can view their bills online via our Customer Portal. They will receive an email when their billing is available. As an incentive to sign-up for this service, there is currently a \$1 credit per month for signing up.

So you never forget to pay your bill, we also have a preauthorized payment plan that debits your account on the 21st of each month. This debit can only be from a valid bank account.

REST WELL. SLEEP WELL

“ I travel a lot for work. And I have to say, “This hotel is one of the friendliest, cleanest hotels I’ve stayed at!” I would highly recommend it to anyone on the road. Clean rooms. Kitchenettes. And the most friendly people who go above and beyond to make your stay that much better. I will definitely stay here again! ”

~ M. MacDonald

Conveniently located downtown, all rooms are 330 sq.ft.*, have a fridge, microwave, and coffee maker. Our central location provides easy access to all amenities, and we’re just one block away from both the hockey arena and the hospital.
