Alberta 55Plus

Represents the heart of mature Albertans. It stands for the idea of a fuller, healthier, more vital future; for the straightforward steps that can be taken towards that future. We promote participation and action and have generated a unique spirit of cooperation across the province.

The association believes that sport and recreation development for mature adults is a provincial issue. It has a direct bearing on the quality of life in this province, and it can become a way of life for the individual and the province as a whole. That is the ideal. We're working to make it a reality.

RE

DUCE USE CYCLE

All residential garbage and recyclables are collected on Wednesdays by Prairie Disposal's automated collection system. Every residence has been allocated one black bin for household waste and one blue bin for recyclables. The bins are provided at no charge, however if a bin is lost or damaged, the resident will be responsible for the replacement cost. Place both bins on the street with wheels touching the curb, one metre of clearance between each bin and any other object, such as a vehicle.

What can go in the black garbage cart? Any bagged household garbage that you would normally place out for collection should be placed in the black cart. Absolutely no hazardous materials or loose garbage.

What if I can't get all my garbage in the cart? The equivalent of three bags will fit in the cart. If your cart is overflowing (lid will not close), it will not be collected. Additional bags placed at the curb will be picked up if they have a "bag tag" sticker which can be purchased at the Town office.

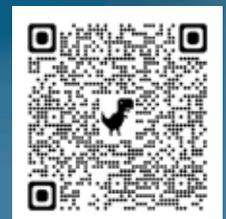

What can go in the blue recycling bin? Newsprint, heavy paper, mixed paper, box board, cardboard, rinsed food cans, rinsed beverage containers, hard plastics #1 to 7 and deposit items.

What should not go into my blue recycling bin? Plastic toys, bubble wrap, plastic bags/film, styrofoam, glass, ceramics, toxic items, electronics, small appliances, diapers, scrap metal or wood, food or yard waste, unrinsed food containers, soiled paper (used tissue or paper towel, pizza boxes smeared with cheese etc.), soiled containers.

Please remove your emptied bins from the street the same day. This is crucial for both snow removal purposes and general neighborhood courtesy.

Town Utility Bills

Your utility bills are mailed out at the beginning of each month (for the previous month's consumption). New radio frequency meters have been installed in almost all the households and businesses. You will receive an accurate monthly bill for actual consumption. You will be charged \$3.34 per cubic meter for residential accounts and non-residential accounts.

In addition to the consumption rate for water you will be charged a flat rate for the Sewer service for residential and non-residential accounts, and a flat rate monthly Capital Replacement fee.

If your bill is exceedingly high, check your toilet(s), faucets, humidifiers, icemakers and outdoor taps for leaks.

We are pleased to offer our residents the option of paperless billing. This means that you would receive an email copy of your bill each month instead of the paper copy in the mail. As an incentive to sign-up for this service, there is currently a \$1 credit per month for signing up.

So you never forget to pay your bill, we also have a preauthorized payment plan that debits your account on the 20th of each month. This debit can only be from a valid bank account.

ANIMAL CONTROL

The Town's Animal & Responsible Pet Ownership Bylaw 1077AC 2022 dictates that an owner of an animal is guilty of an offence if:

- the animal is not licensed
- barking or howling disturbs others
- the animal causes property damage
- the animal is in an area where a sign prohibits pets
- the animal bites, attacks, barks at or threatens a person or another animal
- the animal defecates on property not belonging to the owner, and the defecation is not immediately removed and disposed of in a sanitary manner

As a responsible pet owner, dogs and cats need to be under your control at all times when out in public areas. Ensure your animal is leashed with control, and carry waste disposal products.

Please respect your neighbour and take proper care of your animals. Your neighbours have a right to peace and quiet in their home, and should be able to walk the streets or trails in safety and without animal disruption.

Centre**

AQUATIC CENTRE INFO

The Fairview Regional Aquatic Centre offers a five lane, 25-metre lap pool and a zero-depth wading pool. The pools have multiple water features including river jets and fountain canes. The facility also has a 150-foot water slide - the biggest in the Peace Country, a Tarzan rope, skywalker hanging monkey bars, a rock climbing wall and a 20 person hot tub with wheelchair access.

The centre offers many levels of aquatic programming including but not limited to: adult lane swim, swimming lessons, aqua-fit classes, and junior lifeguard training.

The Aquatic Centre is a great place to de-stress, meet new people, spend time with loved ones, or exercise. Whether you want to work on your strokes, get in shape, or simply come to enjoy the relaxing atmosphere; our professional and friendly staff are here to assist and help you make the most of your time at our facility.

We strive to maintain reasonable fees and admission rates. Drop-in, punch cards, and season memberships are available for purchase. Rentals of the pool and the activity room are also available.

Lifeguards & Instructors Needed!

Amid a national lifeguard shortage across Canada, we are continuously recruiting any qualified lifeguard and/or instructor personnel. If you are a current or former lifeguard, we want you! If you simply have a love of the water, we can help train and certify you to work in aquatics.

The path to certification is:

Strong swimmer – Bronze Medallion – Bronze Cross – Swim Instructor – National Lifeguard.

There is plenty of room to accommodate a variety of specialized interests, whether its instructing swimming lessons, aquatic fitness classes, or first aid courses.

After 6 months of continuous employment at our facility, you are eligible to be reimbursed for the costs of any courses you've taken at our facility.

Call the Fairview Community Centre for more information.

Weeds Weeds Weeds

Weeding is a pain! Fairview residents take pride in maintaining clean and tidy yards. Yet it never hurts to have a quick refresher on the Town of Fairview's strategy against those notoriously nasty, noxious and nuisance weeds:

The weed inspector will routinely do checks within the Town and surrounding area, and will take calls to inspect particular properties if requests are made to the Town. The weed inspector will be searching out the following noxious plants.

Canada Thistle

Scentless Chamomile

Creeping Bellflower

Perennial Sow Thistle

Dame's Rocket

Leafy Spurge

Dandelions are NOT noxious weeds! Since late 2010, dandelions are no longer included in the Weed Control Act. However, yards that appear to have been neglected may be pursued under the Town's Nuisance Bylaw.

Call 780.835.5461

REST WELL. SLEEP WELL

I travel a lot for work. And I have to say, "This hotel is one of the friendliest, cleanest hotels I've stayed at!" I would highly recommend it to anyone on the road. Clean rooms. Kitchenettes. And the most friendly people who go above and beyond to make your stay that much better. I will definitely stay here again!
-M. MacDonald
