

WE'RE ROLLING OUT YOUR ROLLING CARTS

Effective June 1st, the Town of Fairview will make the switch to Automated Collection.

The residents will be supplied with two carts, one black cart labeled "Garbage Only" and one blue cart labeled "Mixed Recyclables Only".

Your collection day for both garbage and recyclables will now be on Wednesdays.

HOW TO USE YOUR ROLLING CARTS

1. Place bagged waste inside the black cart & recyclables in the blue cart.
2. Roll your carts curbside on collection day by 7:00 am and ensure you remove them by the end of the day.
3. Ensure wheels/handles are facing inward toward your home with wheels touching the edge of the street or curb.
4. Be sure there is one meter of clearance on all sides of the carts and overhead - this includes between the garbage & recycle cart, parked cars, fences & trees beside or above.
